We don't have the certificates on hand here as Det. Paul Poole of the West Springfield PD picked them up on 6/3/2011, so you probably check with him.

Also, I forgot to mention it in my earlier email, but out of the 6 submission (1 analyzed by me and the other 5 by Rebecca), I only see class A and class B substances - no class C's. I don't know if the West Springfield might have submitted any of Bacon's suspected drugs as 'Under Investigation" or by a specific case number, and we have no way here of checking that. Once again, the West Springfield PD is the way to go.

Hey Sonja:

Yeah, I wish I knew what those cert numbers were, I didn't get all of them for some reason. Let me take a peek at the file. In the meantime, would you mind sending me those certs Rebecca did?

Thanks - Dave

Subject: Comm v. [REDACTED]

Hi Dave-

I've got a few questions/comments regarding the summons I received for the [REDACTED] case scheduled for trial on 1/31/2012. First, I want to let you know that I have also received a summons for a district court case in Fall River that day. Second, the summons mentions "RE: [REDACTED] + the rest Class A, B & C". I dont' know what the rest are as that was the only submission on 9/30/11 by the West Springfield P.D. The only other submissions for [REDACTED] are [REDACTED], submitted on 5/3/11 and analyzed by Rebecca Pontes. Any help on this matter would be greatly appreciated. Thanks.

-Sonja
